UNITED STATES FINANCIAL MANAGEMENT COMMAND PAY SUPPORT

22 April 2014

Indebtedness

- Money deducted from a members pay account to repay a debt owed usually to the U.S Government.
- Indebtedness transactions differ from other transaction in that they can be put in suspense using an action code of 18, taken out of suspense using action code 20 or remitted using action code 21.

GPLD (DG)

- When government property is lost, damaged or destroyed by a member, collection from the member's pay is obtained voluntary (cash collection) or involuntary (monthly deduction of pay).
- If the member voluntarily agrees to reimburse the government with cash collection, a DG01 is processed with at least a 3-month repayment schedule, and then a C203 (cash collection) transaction is processed to offset the DG indebtedness.

GPLD (DG) (Con't)

- If the member does not voluntarily agree to reimburse the government, a DG01 transaction is processed, posting a DG entry to the member's account for the amount of the liability.
- Note DG transaction will not be used for GPLD charges involving assigned barracks or family housing because of the different funding appropriations credited in collections

Overpayment of Pay and Allowance (DQ)

- The DQ is an overpayment of pay and allowances and it can be manually implemented via a DQ01 or systematically generated by a retroactive entitlement stop.
- Note- When a late posting transaction causes a debt for less than \$100.00, the debt is deducted from the member's next paycheck (a DQ is not generated). When the debt is over \$100.00, a system-generated DQ indebtedness is posted to the MMPA as a suspended entry. A DQ future indicates when the system will start liquidating the indebtedness and an 86, Quasi Advance, entry posts to balance the

SUSPENSE*****

DQ

The DQ indebtedness will be suspended for 2 months. If debt is not release or manually suspended it will automatically release at the beginning of the next month.

DQ

- The maximum amount that may be collected from member's pay is $\frac{2}{3}$ of the disposable pay per month.
- The member may request an amended repayment schedule through their disbursing office or submitting a waiver of indebtedness application through their disbursing office to DFAS-DE. All waiver applications and determinations are handled through DFAS-DE.
- A DQ01 is used to manually input indebtedness on a member's account. It can be used for periods of non-entitlement of pay

DQ04 Change

#DQ04 input is used to change the amount of repayment schedule of an open DQ that is not in suspense. If the DQ is in suspense a DQ20 will be used.

Monetary Punishment (DF)

- A sentence to partial forfeiture of pay deprives a member of the amount of pay stated in the sentence. The sentence applies for the number of months or days expressly stated.
- When a sentence includes forfeitures in addition to confinement, not suspended, the forfeitures will apply to pay (allowances, in total forfeitures are adjudged)
- Non-judicial punishment: authorized commanders may impose non-judicial punishment for minor offenses without resorting to courts-martial.

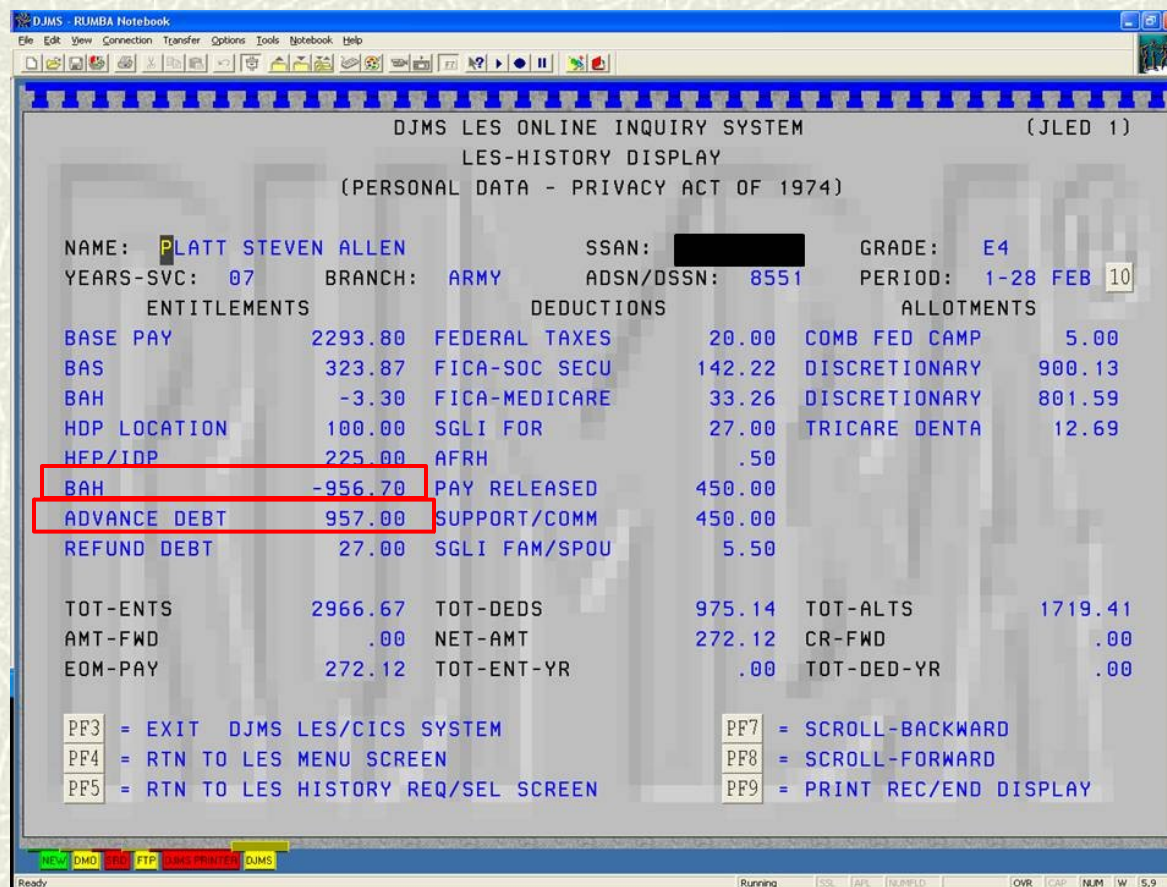

Effects On The MMPA

- The DF entry is computer-generated entry from the input of an E701 or E801 transaction. The E701 transaction is used to input court marital sentences and the E801 transaction is used to input non-judicial punishment.
